

Only If You Touch Torah Will Torah Touch You! Become a Holy Roller™

You are the Guardian of the Torah from generation to generation. The Sofer serves the community as the "Torah Doctor". You, as the Guardian, are like a parent caring for your child. Don't abandon your child!

A Torah should be able to last hundreds and hundreds of years. So why are there ongoing needs for costly repairs?

Sofer On Site now offers a fresh, new and exciting way to empower congregations to re-adopt their Torah scrolls. Our "Holy Roller"™ Program trains individuals in the craft of proactive Torah care and ongoing maintenance. We teach you about your own Torahs and the origins of their problems. We show how you can discover the source of these problems in order to control or even eliminate their presence. This knowledge will enable you to maintain and improve the condition of your Torahs - even save you thousands of dollars by eliminating future un-necessary repairs!

Our three hour hands on program identifies the difference between real problems and superficial issues. Learn the correct way to handle and maintain your scrolls, as well as how to monitor the condition in your "Holy Ark(s)". While your Holy Rollers group is tracking real issues we will continue to provide assistance with both online and phone support. With digital pictures of your scrolls, you can discuss your questions with our many certified, trained Sofers. The Holy Rollers training provides an opportunity for people to participate and contribute in a practical manner. This becomes a most exciting and uplifting way for members of your community to connect with Torah. It is also an excellent method to keep post B'nai Mitzvah youth involved, and an opportunity to bring youngsters together with their elders for Jewish activities!!!

1. A "Holy Roller" can be any congregant... senior, family member or post B'nai Mitzvah students.
2. A "Holy Roller" will learn what to look for and how to ask questions concerning issues regarding their Sefer Torahs.
(Sometimes you will be shocked at what you see!)
3. A "Holy Roller" will be trained to properly roll, lift and dress the Torah scroll. This process can lengthen the life and maintain the quality of your scroll.
4. A "Holy Roller" will learn to appreciate the advantage of handling a scroll properly and the consequences when it is not.
5. A "Holy Roller" will know (when appropriate) how to physically clean, sew and repair tears in a Sefer Torah.

Holy Rollers education can and should be thoroughly taught to your community. Let us assist you in setting up this endeavor through our intriguing and hands-on workshop.

Caring for your scrolls today directly determines the amount of restorations needed in the future. Protect your investment!
